Dear Doctor,

I am writing this feed back form with extreme happiness. I have undergone Intralase on 2-11-09. My eyepower is -2.00 and -8.50. Before operation my vision in left eye is very low. But after surgery my vision is now very clear. My father T.K. Mukundan also joinning with me to thank Dr. Rangaraj and his team.

Yours Truly,

T.k. Sange.
